VYOMAPOS CLIENT SERVICE & DEPLOYMENT AGREEMENT

Effective Date:
Client / Venue Name:
Authorized Representative:
Venue Location:

1. Scope of Deployment & Hardware Architecture

VyomaPOS ("Service Provider") agrees to deploy the VyomaPOS restaurant management ecosystem at the Client's venue. Deployment includes configuring the software, connecting hardware peripherals, and setting up real-time cloud infrastructure via Supabase.

- **Supported Operating Environments:**
  - **Windows Desktop (.exe):** Deployed on cashier counter terminals.
  - **Android Mobile / Tablet (.apk):** Deployed on waiter captain and kitchen display system (KDS) tablets.
  - **Web Interface:** Restricted strictly to client-owned iPads or Mac setups.
- **Hardware & Network Responsibility:** The Client is responsible for maintaining a stable internet connection and compatible local hardware. VyomaPOS provides pre-configured installation binaries and direct on-site setup support as per agreed terms.

2. Commercial Terms & Pricing Structure

The Client agrees to pay the selected tier fees according to the transparent pricing schedule below:

- **One-Time Onboarding, Customization & Setup Fee: ₹6,000**
- **Software Subscription Plan:**
  - **[ ] Basic POS:** ₹15,000 / year (or ₹1,500 / month as agreed).
  - **[ ] VIP Suite:** ₹40,000 / year (Includes KDS, QR ordering, CRM, Table Reservation Manager, and Analytics).
- **Optional Add-Ons:**
  - **[ ] Swiggy & Zomato Aggregator Ingestion Sync:** +₹500 / month.
  - **[ ] Physical QR Stands / Hardware:** As per itemized quotation.

3. Payment Terms, Milestones & Invoicing

- **Advance Milestone (50% Payment):** Exactly 50% of the total initial setup and first-year/initial subscription dues must be paid by the Client **prior to commencing any on-site installations, menu customizations, or hardware configuration.**
- **Invoice Issuance:** A formal GST/Tax invoice covering the received advance amount will be issued to the Client on the exact same day the 50% payment is cleared.
- **Final Balance Clearance:** The remaining balance must be cleared upon successful deployment and system handover during service hours.

- **Recurring Dues:** Software subscription fees are billed annually or monthly in advance. Failure to renew subscriptions past a grace period of 7 days may result in temporary suspension of cloud sync features until dues are settled.

4. Support & Maintenance Level Agreement (SLA)

- **Local Developer Support:** VyomaPOS provides direct, localized technical support and on-site troubleshooting within the local service area.
- **Updates & Cloud Backups:** Automated real-time data backups, security patches, and minor software updates are included under active subscription terms.

5. Data Sovereignty & Security

- All transactional records, customer CRM data, and operational ledgers remain securely stored and fully accessible to the Client.
- VyomaPOS employs secure authentication protocols (Supabase Auth and encrypted database policies) to protect client business data against unauthorized external access.

6. Acceptance & Signatures

By signing below, both parties acknowledge and agree to the pricing, payment milestones, deployment scope, and operational terms outlined in this agreement.
